I would like to tell you about my college. It is a fine two-storeyed building in the centre of the city. It is not very new, but it is nice and comfortable. I study here for the first year. On the first floor of the building there is a hall, a cloak-room, a canteen, a gym, and some classes. On the second floor there is a director's office, computer classes and laboratories, a big concert hall, a library and a reading-room. I like it When I come to college, I wipe my feet, take off my coat and go to the cloak-room. After that I go to the timetable which is also in the hall. It's good to come to the classroom before the bell rings. After a few classes I go to the canteen and have breakfast. I don't like our canteen very much, that's why I take some food with myself too. My favourite subjects at college are physics, IT and English. During the breaks I like to talk with my friends, read the college newspaper. Our college is not only the place where we study, it's also the place where we stay after classes to take part in clubs. Our college is very green: there are flowers on every window-sill. And it is very clean too. When my friends, who study in other colleges, come to this place they are surprised when they see that everything is in great order. But I'll reveal the secret: this is the merit of not only the board of the college but also of the students because it's our second home and we must take care of it. College life is difficult but I know it's rewarding! That's why I know that tomorrow I'll come here again!
